

# DISASTER DECISIONS

“Imagine there’s been a massive storm and flood. It’s left your home, neighbourhood, and school flooded and many buildings could collapse. The water damage has cut off the electricity supply and your family only have enough food to last 1 to 2 days. It is difficult to get around as the roads are flooded or covered in metres of mud and sewage left by landslides and sewer overflows. Trees have fallen on the train lines around the city.

“Parts of Glasgow, Liverpool, Manchester, London, Newcastle as well as Somerset, Norfolk and Cumbria are all completely flooded, including the Houses of Parliament”

WHAT WOULD YOU DO?

WHERE WOULD YOU GO?

WHO WOULD YOU ASK FOR HELP?

HOW LONG WOULD YOU STAY IN THE PLACE WHERE YOU LIVE AND WAIT FOR THE GOVERNMENT TO GET CONTROL OF THE SITUATION?

# WHO IS A REFUGEE?

My name is Ana Maria. I am from Colombia. My family had to leave our farm because there was fighting. My brother was killed and my parents didn't think it was safe for us to stay there.

My name is Yanis. I am from Greece. During the economic crisis my parents lost their jobs and we couldn't afford to pay our rent. We had to go to live with my aunt and uncle in the countryside

My name is Zainab. I am from Afghanistan. My family left our town because the Taliban wanted my older brother to join them to fight the government. In the middle of the night we escaped and are now living in Pakistan.

My name is Chenxi. I am from China. My father was a lawyer campaigning for democracy. He was put in prison because the Government didn't like what he was saying. I was born in the USA when my dad was studying there so I have an American passport and my mum sent me here to live with my godmother in New York.

My name is Ali. I am from Somalia. Originally we escaped from the war in my village. We moved to another part of the country 5 years ago and my parents started a small business. Then there was a drought and there was less and less food available. People started dying. Eventually we had nothing to eat so we moved to Kenya.

My name is Paul. I am from Nigeria. One day some men came to our village and killed all the men who were Christians. My three elder brothers were killed. My father was working in Lagos so wasn't at home. The next day my mother told me that we were leaving for Cameroon.

My name is Josh. I am from Manchester. My big brother got involved with a gang. He dropped out of school and then ended up in prison when he stabbed someone and they died. That day he also got stabbed himself. He was too scared to go to hospital in case he got caught and it got infected. He ended up losing his arm and is now in prison. He regretted killing someone and gave evidence to the police. My mum was worried that the gang would try to attack us so we moved to Bristol.
